## **RE: Reference for Acreage Mowing Service**

*10<sup>th</sup> May, 2011*

To whom it may concern,

This is a letter of reference for Mr Keith Stuart and the **Acreage Mowing Service**.

Acreage Mowing Service recently provided mowing services for the Australian Ultimate ("Frisbee") Championships, hosted at Shaw Park sports complex, Woolloowin, over the first week of April this year.

The record rainfall experienced in South East Qld over the early part of 2011 caused enormous disruption to many field sports. The AUC2011 event required 12 full sized sports fields (eg: rugby fields) in order to run successfully. 550 players in 32 teams travelled from around Australia, NZ and SE Asia to participate in the Championships. Field quality was a primary consideration in the organisation of the event.

Continued rainfall in the weeks leading up to our event forced us to re-negotiate a number of fields in the days before the event, and a section of Brisbane City Council parkland was secured to provide a number of fields. This parkland had not been maintained or prepared as a legitimate sports-field surface and a significant amount of work was required to be done on the surface to bring it up to a playable standard.

Mr Keith Stuart from Acreage Mowing Service was contacted at very late notice and was able to respond to our request to mow the fields. Keith was willing to travel to an area far outside his normal working region and assist us to perform the work. Keith was willing to listen to our specific requirements and spent considerable time and effort above the standard service to help us achieve the desired result. Without Keith's assistance we would not have been able to deliver the full tournament program.

I have no hesitation in recommending Mr Keith Stuart and the Acreage Mowing Service as a reliable and professional mowing contractor to any group with mowing requirements.

Regards,

**Mat Ryan**  
**Tournament Director AUC 2011**
